Part I: Polling Locations

I. What is a Polling Place?

A. A polling place is any location where voting, either early or on Election Day, is conducted.

B. One polling place is required for each precinct; however, a parish governing authority shall, to the extent possible, locate multiple precincts in a polling location, if they determine this to be efficient, cost-effective, and convenient to voters.

C. A polling place is required to have the following features:

1. Proper electric current, fixtures, and outlets necessary to properly operate the voting machines and conduct the elections;
2. Sanitary facilities available;
3. Located in a suitable public building (all public bodies are required to allow the use of public building as voting precincts without cost or charge when the parish governing authority requires it);
4. Comply with accessibility standards for individuals with disabilities adopted by the secretary of state. See Appendix A

II. Prohibited Locations of Polling Places

A. Place where alcoholic beverages are served unless a nonprofit organization whose principal business is not the dispensing of alcoholic beverages, but none shall be dispensed on premises during an election or for 3 hours before polls open;

B. Jail, penitentiary, or other penal institution;

C. Mental hospital or mental health center;

D. Eleemosynary (Charitable) institution where wards of the state are confined, except educational institutions and U.S. Marine Hospital No. 88 at Carville; or

E. Private property owned, occupied or leased by a candidate in an election or spouse of such candidate, or an officer or employee of the state or its political subdivisions.

III. Private Property

A. Private Property may be used for polling locations when necessary and may be leased for no more than $150 for each election. The following conditions must be met:

1. Written lease (form shall be obtained through the secretary of state’s office or online at www.sos.la.gov under “Get Forms & Publications>Download Elections Forms” See Appendix B;
2. Lease recorded in office of clerk of court, prominently posted in office of registrar of voters, and filed with the secretary of state;

3. No payment shall be made by the secretary of state if the lease is not filed in his office at least 30 days prior to election, unless a change in location of the polling place was necessitated immediately prior to the election. Such lease contracts shall be filed with the secretary of state no later than 10 days following an election.

IV. Liability of Polling Places

A. There is no general liability of an owner, lessee, or occupant of a premise used as a polling place on Election Day for injury to persons or property which occurs on the premises while it is being used as a polling place on Election Day. However, any liability for willful or malicious injury to persons or property or liability imposed on the owner, lessee or occupant of the premises pursuant to Civil Code Article 2317 and Article 2322 are enforceable by private right of action. Civil Code Article 2317 provides for liability for damage caused by others who are answerable to owner and things in his custody and Article 2322 provides for liability for damage caused by ruin of a building.

V. How is a Polling Place Established?

A. The parish governing authority shall establish one (1) polling place for each precinct by ordinance.

B. The parish governing authority shall locate multiple precincts in a polling location as described in Section I.

D. All precincts must be accessible and have a certified accessibility survey filed with the secretary of state. See Appendix A or online at www.sos.la.gov under Get Forms & Publications > Download Elections Forms.

E. Polling places cannot be changed after the opening of qualifying or if no candidate election and only a bond, tax or proposition on the ballot, prior to the 46th day before the election, except in the case of an emergency.

F. Emergency polling place moves may be made by the parish president by letter to the secretary of state’s office to request a temporary move, but a change of location by the parish president shall not be permanent unless the governing authority of the parish votes to approve the change. See Section VII on Emergency Changes
VI. Publication of Polling Places

A. When a polling place is established or changed, notice of its location shall be published by the parish governing authority in the official journal of the parish.

B. Publication is required of the location of polling places at least once before each primary election, in the official journal during the 3rd week before the primary election.

VII. Emergency Changes for Polling Places

A. Polling places cannot be changed after the opening of qualifying or if no candidate election and only a bond, tax or proposition on the ballot, commencing on the 46th day before the election, except in the case of an emergency.

B. When a polling place becomes unavailable due to an emergency caused by any reason and must be changed during the window of no changes (between qualifying and election date; between 46th before election and election date if prop election only), the following is required to be completed by the Parish Governing Authority:

1. Adopt an ordinance to move the polling place location and submit the ordinance to the secretary of state with an accessibility survey for approval. The parish president (president of any parish, mayor-president, mayor of New Orleans, police jury president, or Parish Administrator of Caddo parish) may change the location by sending a letter to the secretary of state with an accessibility survey for approval. A change in a polling place by the parish president is NOT permanent and the polling place reverts back to the pre-emergency location unless the governing authority votes to approve the change and submits the change by ordinance to the secretary of state before the next election.

2. Each candidate shall be given immediate notice by telephone and certified mail of the new location;

3. A sign shall be posted at the former polling place directing voters to new location;

4. An employee of parish governing authority shall be posted at former polling place to direct voters to new polling place. Employee is required to have the same qualifications as the parish deputy custodian and is required to take the constitutional oath administered by the clerk;

5. If reasonable time exists, publish the change in the official journal and any other newspaper of general circulation in the precinct(s) affected, under the heading “NOTICE OF CHANGE OF POLLING PLACE”; and
6. Take any other reasonable steps deemed necessary or desirable to inform the voters and candidates of the change in location, including but not limited to posting notices on utility poles and advertisements in electronic and/or social media, if available.

7. Accessibility surveys are required to be sent to the secretary of state for approval of the change.

C. When a Clerk of Court or Parish Governing Authority determines, in conjunction with the secretary of state, that a polling place is destroyed, inaccessible, or unsafe due to an emergency or common disaster occurring before or during an election, the secretary may issue a certification of a state of emergency allowing the polling place to be relocated to allow voting to continue. The clerk and presiding officer of the parish shall relocate any such polling place upon issuance of the certificate.

1. The polling place shall be relocated to the nearest feasible and accessible location as determined by the secretary upon the clerk and parish officer’s recommendation.

2. Adequate notice of the relocation shall be given to each registered voter and candidate affected, if practicable by:

   a. Calling or emailing each candidate, and by certified mail if reasonable time exists;
   b. Posting a sign at former polling place directing voters to new location;
   c. Stationing an employee of the parish governing authority at former polling place, if practicable, to direct potential voters to new location. Employees required to take an oath given by clerk;
   d. Publishing a notice of relocation by the clerk in an official journal and any other newspaper, if reasonable time exists; and
   e. Taking any other steps deemed necessary or desirable by the clerk to inform voters and candidates.

EXCEPTION: Where the precinct boundary is coterminous (meaning the same) with the boundary of a parish; or an incorporated place when the boundaries of a single precinct contain the entire geographic area of the incorporated place.

2. No precinct shall be wholly contained within the territorial boundaries of another precinct.

EXCEPTION: When a precinct which contains the entire geographical area of an incorporated place and in which the total number of registered voters at the last general election was less than 300 may be so contained.

B. Precinct Size

1. A precinct shall contain no more than 2,200 registered voters (active only) and no less than 300 registered voters (active only).

EXCEPTIONS: For precincts with under 300 active voters that are (1) geographically isolated and an unincorporated area (convenience for voters); (2) an entire geographical area of an incorporated place; (3) not allowed to merge because of voting district boundaries (but such precinct must be consolidated in the polling place with adjacent precinct in accordance to La R.S.18:425.1 and La R.S.18:1286.1.); and (4) permitted by the secretary of state under an extraordinary and unforeseen circumstance.

Note: All exceptions must be submitted to the secretary of state for approval, as outlined in following sections.
XI. Precinct Change Deadlines

A. Four Weeks Before the Beginning of Qualifying: No precinct boundary change shall become effective for the election unless the information required in this Subsection (Subsection (C) of La R.S. 18:532.1) is received by the secretary of state prior to 4:30 p.m. at least four weeks prior to the date the qualifying period opens. See La R.S. 18:532.1(C)(4).

B. Deadline: 10th business day before qualifying: A precinct shall not be changed, and no precinct shall be established or altered in any way, including alphabetical division by voter surname, and no annexation shall be implemented during the period commencing on the tenth (10th) business day prior to the date the qualifying period opens and ending on the date of the general election. See La R.S. 18:532.1(E)(1).

C. Freeze: January 1, 2019 – December 31, 2022: No election precinct shall be created, divided, abolished, or merged, or the boundaries changed, unless ordered by a court of competent jurisdiction or an order to complete redistricting. See La R.S. 18:532.1(D)(1)(a).

D. Annual Canvass: Within 30 days of completion of the annual canvass, the registrar of voters is required to notify the parish governing authority of every precinct in the parish which contains more than 2,200 registered active voters or contains less than 300 registered active voters. The parish governing authority is required to either merge such precincts within 60 days or receive approval from the Department of State for an exception in accordance with law. Note: The requirements of this law are not effective from January 1, 2019 – December 31, 2023.

Note: Precinct Changes and Annexations that do not adhere to the above deadlines shall not become effective for that election.

XII. Making a Precinct Change

A. Only the parish governing authority (police jury, parish council) has the authority to change the configuration, boundaries, or designation of an election precinct. It must be by ordinance and a certified copy of the ordinance must be sent to the secretary of state with a copy of the map showing the new precinct boundaries and designations together with a written description of such boundaries within 15 days of passage. The documents that should be provided are:

1. Certified copy of ordinance; and
2. Copy of map showing new precinct boundaries and designations with written description of boundaries.
3. If a local governing body utilizes a geographic information system to develop its redistricting plan, it shall submit an electronic shapefile to the secretary of state within ten (10) business days (La. R.S. 18:1945.) This would include new precinct boundaries due to annexations.

B. Prior to adoption by ordinance, proposed changes in precinct boundaries must be submitted to the secretary of the Senate and the clerk of the House of Representatives, or their designee, on census maps and by electronic medium.
Direct submissions to:

Director of Demographic Services
Louisiana Legislature
P.O. Box 94062, Baton Rouge, LA 70804-9062
Telephone: 225.342.2591

C. No change in a precinct boundary may be made without prior review and approval by the secretary and clerk or their designee. Review from the Legislative Appointee is to consist of determination whether proposed change coincides with visible feature depicted on a base map used by census bureau.

D. Secretary and clerk or their designee is required to send a report of their findings within 45 days after receipt of proposed precinct changes, or the proposed changes are deemed approved.

1. If a merger or consolidation is involved, prior to adoption by ordinance, the proposed merger or consolidation must be submitted to the secretary of state. Review of mergers to consist of determination whether proposed merger establishes a precinct(s) where all parts of each proposed new precinct are in same state, local, and municipal office voting district. Review of consolidations to consist of determination whether proposed consolidation joins precincts in the same legislative, public service commission, state board of elementary and secondary education, state, federal, and local governing authority voting districts.

Direct submission to:

Director of Elections Services
Louisiana Secretary of State
P.O. Box 94125
Baton Rouge, LA 70804-9125
Telephone: 225.922.0900

2. When two (2) or more precincts are merged, they lose their identity (boundaries) and are established with a new identity (boundary). When two (2) or more precincts are consolidated, they each retain their identity but share the polling site and election commissioners as a cost savings measure.

3. The secretary of state is required to send report of findings within 45 days after receipt of proposed precinct change which includes a merger, or the proposed merger is deemed approved.

4. Pursuant to La R.S. 18:532.1(C)(3)(b), “No precinct shall be merged until all local governing authorities and the parish or city school board within the area affected by the merger have completed redistricting and such redistricting has been precleared pursuant to the Voting Rights Act of 1965.”

Note: At the printing of this handbook Preclearance is not required as of 6/25/13, Shelby County, Alabama v. Holder, 133 S.Ct. 2612 (U.S. 2013).
EXCEPTION: The parish governing authority may merge precincts upon the parish governing authority’s certifying in writing to the office of the secretary of state that the parish governing authority and all school boards have completed all redistricting that is required following the latest decennial census.

XIII. Publication of Precincts

A. When a precinct or polling place is established or changed, notice of its location shall be published by the parish governing authority in the official journal of the parish.

XIV. Enforcement and Election Expenses

A. The Louisiana Attorney General shall institute action to enforce the laws on establishing precincts and changing precinct boundaries.

B. The parish governing authority is responsible for all election expenses incurred in any precinct which is not in compliance with La. R.S. 18:532(B)(4), which is a precinct with less than 300 active registered voters that does not meet an exception and has not been approved by the secretary of state. The secretary of state is required by law to seek 100% reimbursement of the costs in every election on such precincts from the parish governing authority regardless of what is on the ballot or who called the election.
