

Louisiana State Archives

Digital Image Request

The Louisiana State Archives is not authorized or staffed to engage in comprehensive research for images in our collections. Reference assistance is available in referring patrons to collections which may hold requested images by phone, postal mail and/or email; however collections must be researched by the patrons within the Louisiana State Archives Research Library to choose images requested for duplication. A limited number of photographs have been digitized in our collections, therefore images not previously digitized will be on an “as requested” basis and may require 24 hours or more depending on the amount of images requested.

After conducting your research in the Louisiana State Archives Research Library, please list the image(s) requested (attach a sheet for additional images):

ACCESSION NUMBER	COLLECTION NAME	IMAGE DESCRIPTION

Images will be scanned at the archival standard of 600dpi and in TIFF format at a cost of \$7 per image (\$100 per image for commercial use) processing and usage fee. These requests apply only to existing original photograph collections, and all copyright and collection restrictions apply. Please refer to the Louisiana State Archives *Policy on the Reproduction of Archival Images (LH 10)* and *Request for Permission to Publish (LFP 12)* for commercial use.

Submit check or money order to:
