Dear President Cortez and Speaker Schexnayder:

The Louisiana Department of State hereby submits the following summary report required by Act 454 of the 2018 Regular Session of the Louisiana Legislature, codified as La. R.S. 49:953(C)(2), and in accordance with La. R.S. 49:968(D)(1)(b).

The Louisiana Department of State held the public hearing required by Act 454 on December 16, 2019, as stated in the Potpourri published in the Louisiana Register on November 20, 2019. Interested persons were provided an opportunity to submit comments to the Louisiana Department of State regarding any rule or regulation of the Louisiana Department of State which the person believed to be contrary to law, outdated, unnecessary, overly complex, or burdensome. The Louisiana Department of State received no written comments during the comment period as stated in the Potpourri, nor did the Louisiana Department of State receive any oral or written comments at the hearing.
A copy of the summary report will be placed on the Louisiana Department of State’s website in accordance with La. R.S. 49:968(D)(1)(c). If you have any questions or need additional information, please contact me at (225) 362-5115 or via email at ray.wood@sos.la.gov.

Sincerely,

Ray Wood
Attorney

3. information needed to design or implement anticipated assessment activities as part of the Restoration Planning Phase. Activities included, among other things, collection and review of response information and drone imagery, conducting a Trustee site visit to collect qualitative, quantitative and observational data about oiled habitats and wildlife, and oil sample collection.

Under the NRDA regulations applicable to OPA and OSPRA, the trustees prepare and issue a Notice of Intent to Conduct Restoration Planning (NOI) if they determine conditions that confirm the jurisdiction of the trustees and the appropriateness of pursuing restoration of natural resources have been met. This NOI announces that the trustees have made the determination to proceed with restoration planning to evaluate, assess, quantify, and develop plans for restoring, rehabilitating, replacing, and/or acquiring the equivalent of injured natural resources and losses resulting from the incident. The restoration planning process will include collection of information that the trustees determine is appropriate for identifying and quantifying the injuries and losses of natural resources, including services, and to determine the need for, and the type and scale of restoration alternatives.

**Determinations**

**Determination of Jurisdiction:**
The trustees have made the following findings pursuant to 15 CFR §990.41 and LAC 43:XXIX.101:

1. The incident resulted in the discharge of oil into or upon navigable waters of the United States. Such occurrence constitutes an “incident” within the meaning of 15 CFR §930.30.

2. The incident was not authorized under a permit issued pursuant to federal, state, or local law; was not from a public vessel; and was not from an onshore facility subject to the Trans-Alaska Pipeline Authority Act, 43 USC §1651, et seq.

3. Natural resources under the trusteeship of the trustees have been injured as a result of the incident.

As a result of the foregoing determinations, the trustees have jurisdiction to pursue restoration under OPA and OSPRA.

**Determination to Conduct Restoration Planning:**
The trustees have determined pursuant to 15 CFR §990.42(a) that:

1. Data collected pursuant to 15 CFR §990.43 demonstrate that injuries to natural resources have resulted from the incident, as described above.

2. The response actions did not adequately address the injuries resulting from the incident.

3. Feasible primary and/or compensatory restoration actions exist to address injuries from the incident.

Based upon the foregoing determinations, the trustees intend to proceed with restoration planning for this incident.

**Determination to Utilize Expedited Assessment Procedure to Assess Injury:**
The trustees have made the following findings pursuant to R.S. 30:2480 and LAC 43:XXIX.121.H.4:

1. The incident involved an unauthorized discharge of crude oil, or other oil that in the sole discretion of the trustees interacts with the environment in a manner similar to crude oil.

2. The incident occurred in the Louisiana coastal area, with oiling conditions and/or response activities as described at LAC 43:XXIX.121.H.4, impacting coastal herbaceous wetland or coastal forested wetland.

3. The incident has limited observable mortality.

4. Restoration activities can be speedily initiated and/or the quantity of oil discharged does not exceed one thousand gallons.

Based upon the foregoing findings, the trustees have determined that utilization of the compensation schedule found at LAC 43:XXIX.121.H.4 and allowed by 15 CFR §990.27(b)(1)(iii) is appropriate. The purpose of utilizing this expedited assessment procedure is to allow prompt initiation of restoration, rehabilitation, replacement, and/or acquisition of an equivalent natural resource without lengthy analysis of the impact on affected natural resources. Rev. Stat. 30:2480.

**Public Participation**
The trustees invite the public to participate in restoration planning for this incident. Public participation in decision-making is encouraged and will be facilitated through a publicly available AR (described above) and publication of public notices in the *Louisiana Register*. Opportunities to participate in the process will be provided by the trustees at important junctures throughout the planning process and will include requests for input on restoration alternatives and review of planning and settlement documents. Public participation is consistent with all state and federal laws and regulations that apply to the NRDA process, including Section 1006 of OPA, 33 U.S.C. §2706; the regulations for NRDA under OPA, 15 C.F.R. Part 990; Section 2480 of OSPRA, R.S. 30:2480; and the regulations for NRDA under OSPRA, LAC 43vXXIX, Chapter 1.

**For Further Information:**
For more information please contact the Louisiana Oil Spill Coordinator’s Office, P.O. Box 66614, Baton Rouge, LA 70896, (225) 925-6606 Attn: Gina Muhs Saizan.
