Appendix: Performance Indicator Supporting Documentation

Program A: Administrative

Activity: Executive Services

Objective 1: Through its support services activities, the Administrative Program will ensure that all programs in the Department of State are able to meet at least 80% of their program activities through June 30, 2016.

Indicator Name: 1.1 Percentage of objectives met

Indicator LaPAS PI Code: 6179

1. **Type and Level**: Outcome/Key

2. **Rationale**: This indicator provides an overall look at how well the agency is meeting its objectives.

3. **Use**: This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity**: This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy**: This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source**: The source of the indicator is based on the analysis performance indicators for the Objectives of all of the Department’s programs, which are based on primarily internal logs and databases.
7. **Calculation Methodology:** The formula for this indicator will be: % of Objectives Met = $X / 25$, where X represents the number of objectives met (excluding this one) and 25 represents the current total number of objectives for the Department. X is determined by analyzing the performance indicators for each objective to determine if they have met or on schedule to meet their key indicator targets.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has a limitation in that a program’s failure to reach their objectives may not be due to lack of support services and may be outside the Department’s direct control. This indicator is a surrogate measurement for all of the Department’s support services activities. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**
    
    Richard Adcock, Policy Planner 4
    Phone: 225-922-1228
    Fax 225-922-0100
    Email: radcock@sos.louisiana.gov

---

**Activity: Primary Support Services**

**Objective 2:** To ensure compliance with accounting practices and policies, the program will have no repeat financial audit findings through FY 2016.

**Indicator Name:** 2.1 Number of repeat financial audit findings

**Indicator LaPAS PI Code:** 6180

**Type and Level:** Outcome/Key

1. **Rationale:** This indicator provides a very good indicator of the overall health of the accounting functions in the agency.

2. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

3. **Clarity:** This indicator name is exactly what the indicator does.

4. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. It is verifying through published audit reports.
5. **Data Source:** The source of the indicator is an analysis of the Legislative Auditor’s financial audit of the Department.

6. **Calculation Methodology:** This indicator is calculated based on a review of findings in the audit report labeled as a repeat finding.

7. **Scope:** This indicator is aggregated.

8. **Caveats:** The indicator has no limitations and is a measurement for all of the Department’s activities where financial transactions occur. The source of the data does not have any known bias or agenda.

9. **Responsible Person:**
   Shanda Jones, Accounting Administrator
   Phone: 225-922-1229
   Fax 225-922-0100
   Email: shanda.jones@sos.louisiana.gov

---

**Activity: Primary Support Services**

**Objective 3:** To ensure the payment of Election Day workers, the program will pay 90% of Election Day workers within 30 days following the election.

**Indicator Name:** 3.1 Percentage of parish election payrolls completed within 30 days of the election date

**Indicator LaPAS PI Code:** 21506

1. **Type and Level:** Efficiency/Key

2. **Rationale:** Paying Election Day workers in a timely manner helps to ensure that the parish clerks of court can maintain an adequate pool of workers for this purpose. This indicator provides a view of the efficiency of the Accounting Division in its efforts to get the checks out as soon as possible after an election.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests

4. **Clarity:** This indicator name is exactly what the indicator does.
5. **Validity, Reliability and Accuracy**: This is a valid indicator that is reliable and accurate. It is verifying through internal records.

6. **Data Source**: The source of the indicator is an analysis of the recorded dates that clerks of court input the final payroll and the dates checks are printed for that payroll request.

7. **Calculation Methodology**: This indicator is calculated based on the recorded dates of input compared to the recorded dates checks are cut. A ledger is maintained in Accounting for each election listing this information parish by parish for each election.

8. **Scope**: This indicator is aggregated.

9. **Caveats**: The indicator has no limitations. The data used is verifiable and has no known bias.

10. **Responsible Person**: Betty Davis, Accountant Supervisor 2  
    Phone: 225-922-0900  
    Fax 225-922-0929  
    Email: bdavis@sos.louisiana.gov

---

**Activity: Primary Support Services**

**Objective 3**: To ensure the payment of Election Day workers, the program will pay 90% of Election Day workers within 30 days following the election.

**Indicator Name**: 3.2 Percentage of clerks of court returning completed payroll information within one week of election date

**Indicator LaPAS PI Code**: 21507

1. **Type and Level**: Efficiency/Supporting

2. **Rationale**: Paying election precinct workers in a timely manner helps to ensure that the parish clerks of court can maintain a large pool of workers for this purpose. This indicator provides a view of the efficiency of the clerks of court in their efforts to get the completed payroll information to Accounting within 7 days of an election.

3. **Use**: This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests

4. **Clarity**: This indicator name is exactly what the indicator does.
5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. It is verifying through internal records.

6. **Data Source:** The source of the indicator is data maintained by the Accounting Division. Accounting maintains a ledger listing this information parish by parish for each election.

7. **Calculation Methodology:** This indicator is calculated based on the recorded dates of input compared to the associated election date. A ledger is maintained in Accounting for each election listing this information parish by parish for each election.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no limitations. The data used is verifiable and has no known bias.

10. **Responsible Person:**
    Betty Davis, Accountant Supervisor 2
    Phone: 225-922-0900
    Fax 225-922-0929
    Email: bdavis@sos.louisiana.gov

__________________________________________________________________________

**Activity: Legal Support Services**

**Objective 4:** Legal Support Services will successfully represent the department in election contests, objections to candidacy, and various other cases involving election activities and prevail in 75% of the challenges.

**Indicator Name:** 4.1 Percentage of lawsuits with successful outcome in favor of department

**Indicator LaPAS PI Code:** New

1. **Type and Level:** Quality/Key

2. **Rationale:** This indicator shows the quality of the Legal Support Services ability to successfully represent the department in cases involving election activities. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests

4. **Clarity:** This indicator name is exactly what the indicator does.
5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the indicator is files maintained in the Legal Division.

7. **Calculation Methodology:** The formula for this calculation is number of election related lawsuits successfully resolved in favor of the department divided by the total number of election related lawsuits filed.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**
    Merietta Norton, General Counsel
    Phone: 225-922-0900
    Fax 225-922-1180
    Email: MNorton@sos.louisiana.gov

**Activity:** Legal Support Services

**Objective 4:** Legal Support Services will successfully represent the department in election contests, objections to candidacy, and various other cases involving election activities and prevail in 75% of the challenges.

**Indicator Name:** 4.2 Number of lawsuits filed

**Indicator LaPAS PI Code:** New

1. **Type and Level:** Input/Supporting

2. **Rationale:** This indicator shows the level of lawsuit activity. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.
4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. **Program B: Elections**

**Activity:** Administrative Services

**Objective 1:** The Elections Program will produce efficient and accurate elections by reducing the number of machine and absentee ballots reprints due to program error to no more than three per election.

**Indicator Name:** 1.1 Number of reprints due to program error  
**Indicator LaPAS PI Code:** 10061

1. **Type and Level:** Quality/Key

2. **Rationale:** This indicator provides a look at the quality control exercised by the Elections Division to ensure the costs of ballots is kept at a minimum by a series of proofreading steps. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator
data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the indicator is data maintained in the Elections Division of ballot printing.

7. **Calculation Methodology:** This is a pure count of each ballot that required a reprint due to an error by program personnel that was not caught during proofing.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**
    Angie Bouy, Director of Elections
    Phone: 225-922-0900
    Fax 225-922-0945
    Email: abouy@sos.louisiana.gov

---

**Activity:** Administrative Services

**Objective 1:** The Elections Program will produce efficient and accurate elections by reducing the number of machine and absentee ballots reprints due to program error to no more than three per election.

**Indicator Name:** 1.2 Number of elections held

**Indicator LaPAS PI Code:** 10062

1. **Type and Level:** Input/Supporting
2. **Rationale:** This indicator provides a look at the quality control exercised by the Elections Division to ensure the costs of ballots is kept at a minimum by a series of proofreading steps. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the indicator is election data on file in the Elections Division.

7. **Calculation Methodology:** This is pure count of each date in which an election or elections are held.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. The total number of elections each year can vary. Some are scheduled, but elections can be called to fill vacancies. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**
    Angie Bouy, Director of Elections
    Phone: 225-922-0900
    Fax 225-922-0945
    Email: abouy@sos.louisiana.gov

---

**Activity: Administrative Services**

**Objective 1:** The Elections Program will produce efficient and accurate elections by reducing the number of machine and absentee ballots reprints due to program error to no more than three per election.

**Indicator Name:** 1.3 Percentage of elections with three or fewer errors
Indicator LaPAS PI Code: 15903

1. Type and Level: Efficiency/Key

2. Rationale: This indicator provides a look at the quality control exercised by the Elections Division to ensure the costs of ballots is kept at a minimum by a series of proofreading steps. It gives an accurate view of how well the program is meeting its objective.

3. Use: This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. Clarity: This indicator name is exactly what the indicator does.

5. Validity, Reliability and Accuracy: This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. Data Source: The source of the indicator is election data on file in the Elections Division.

7. Calculation Methodology: This indicator is calculated by taking the total number of elections with three or fewer reprints and dividing this amount by the total number of elections held.

8. Scope: This indicator is aggregated.

9. Caveats: The indicator has no known limitation. The source of the data does not have any known bias or agenda.

10. Responsible Person:
    Angie Bouy, Director of Elections
    Phone: 225-922-0900
    Fax 225-922-0945
    Email: abouy@sos.louisiana.gov

Activity: Administrative Services

Objective 2: The Elections Program will continue to improve the convenience of researching past elections return data to the public by computerizing past statewide election returns dating back to 1980 and making them available via the program’s web page by the end of FY 2016.
**Indicator Name:** 2.1 Percentage of elections data (1980-1987) completely entered in program databases

**Indicator LaPAS PI Code:** 21562

1. **Type and Level:** Efficiency/Key

2. **Rationale:** This indicator provides a look at the efficiency exercised by the Elections Division to enter historical election data that has been previously researched in the programs database. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the indicator is based on the analysis of where the program is relative to entering the elections that have been completely researched.

7. **Calculation Methodology:** This is pure count of each election that has been entered into the program’s database divided by the total number of elections that were held during the designated time period in years.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**
    Angie Bouy, Director of Elections

Objective 2: The Elections Program will continue to improve the convenience of researching past elections return data to the public by computerizing past statewide election returns dating back to 1980 and making them available via the program’s web page by the end of FY 2016.

Indicator Name: 2.2 Percentage of elections data (1980-1987) completely researched and ready for data entry.

Indicator LaPAS PI Code: 21563

1. **Type and Level:** Quality/Key

2. **Rationale:** This indicator provides a look at the quality exercised by the Elections Division in completing research of historical elections to add to the program’s database. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. **Activity: Administrative Services**

**Objective 3:** To encourage participation in the electoral process, the program will ensure that at least one voter education outreach event sponsored (or participated in) by the program is held in each parish annually.

**Indicator Name:** 3.1 Percentage of parishes with at least one voter education outreach event held within the current fiscal year

**Indicator LaPAS PI Code:** 21569

1. **Type and Level:** Quality/Key

2. **Rationale:** This indicator shows the quality of the programs efforts to provide each parish with at least one voter outreach event during the fiscal year. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. 2. **Rationale:** This indicator shows the quality of the programs efforts to provide each parish with at least one voter outreach event during the fiscal year. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the
Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the indicator is number of events held or sponsored by the program.

7. **Calculation Methodology:** This indicator is a true count of events held or sponsored in the parishes during the fiscal year.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

---

**Activity: Administrative Services**

**Objective 4:** To ensure integrity of the election process, the program will investigate 100% of alleged incidences of voter fraud or election offenses through FY 2016.

**Indicator Name:** 4.1 Percentage of voter fraud and election offenses investigated by program

**Indicator LaPAS PI Code:** 11499

1. **Type and Level:** Efficiency/Key

2. **Rationale:** This indicator shows the efficiency of the program’s efforts to take action on every fraud or election offense allegation. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests

4. **Clarity:** This indicator name is exactly what the indicator does.
5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the indicator is phone calls and letters received by the department from citizens.

7. **Calculation Methodology:** This indicator is a true percentage of allegations investigated divided by allegations received during the fiscal year.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**
    Jimmy Day, Director of Elections Compliance Unit
    Phone: 225-362-5223
    Fax 225-925-4771
    Email: JDay@sos.louisiana.gov

Activity: Administrative Services

**Objective 5:** To ensure the State’s compliance with the National Voter Registration Act, the program will evaluate each registrar annually.

**Indicator Name:** 5.1 Percentage of registrars evaluated annually

**Indicator LaPAS PI Code:** 21571

1. **Type and Level:** Input/Supporting

2. **Rationale:** This indicator shows the registrars of voters that have a completed evaluation for the fiscal year. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests
4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the indicator is documentation on file with the Registration Division showing the annual evaluations completed.

7. **Calculation Methodology:** This indicator is calculated by dividing the number of registrars of voters in the state evaluated during the fiscal year by the total number of registrars of voters in the state.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**
    Joanne Guidroz, Director of Registration
    Phone: 225-922-0900
    Fax 225-922-1167
    Email: Joanne.Guidroz@sos.louisiana.gov

---

**Activity: Registrars of Voters**

**Objective 6:** To ensure the State’s compliance with the National Voter Registration Act, the program will evaluate each registrar annually.

**Indicator Name:** 6.1 Completed statewide canvass

**Indicator LaPAS PI Code:** 21628

1. **Type and Level:** Quality/Key

2. **Rationale:** This indicator shows the status of the annual voter registration canvass. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the
objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the indicator is documentation on file with the Registration Division showing the status of the annual canvass.

7. **Calculation Methodology:** There is no mathematical formula for this indicator. The canvass is not initiated until early in the calendar year so it may not be completed until sometime in the next fiscal year. For reporting purposes, the canvass is counted in the fiscal year completed, not the fiscal year it is started.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**
    Joanne Guidroz, Director of Registration
    Phone: 225-922-0900

**Activity: Election Support Services**

**Objective 7:** To ensure the integrity of the election process, the program will provide the necessary technical assistance to hold in a state of readiness 100% of voting machines and computerized absentee ballot counting equipment needed to hold all elections in the State of Louisiana.

**Indicator Name:** 7.1 Total number of voting machines (all types)

**Indicator LaPAS PI Code:** 571

1. **Type and Level:** Input/Key
2. **Rationale:** This indicator shows the number of voting machines of all types owned by the Department of State. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the indicator is the actual inventory of voting machines, Documentation on file with the Elections Support Services showing the status of the annual canvass.

7. **Calculation Methodology:** There is no mathematical formula for this indicator. The number is an inventory number based on actual purchase counts.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**
    Sherri Hadskey, Director of Field Operations

**Activity:** Election Support Services

**Objective 7:** To ensure the integrity of the election process, the program will provide the necessary technical assistance to hold in a state of readiness 100% of voting machines and computerized absentee ballot counting equipment needed to hold all elections in the State of Louisiana.
**Indicator Name:** 7.2 Average percentage of voting machines available on Election Day

**Indicator LaPAS PI Code:** 575

1. **Type and Level:** Efficiency/Key

2. **Rationale:** This indicator shows the average percentage of voting machines available for use on Election Day. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. **Activity: Election Support Services**

**Objective 7:** To ensure the integrity of the election process, the program will provide the necessary technical assistance to hold in a state of readiness 100% of voting machines and computerized absentee ballot counting equipment needed to hold all elections in the State of Louisiana.

**Indicator Name:** 7.3 Number of Statewide Elections

**Indicator LaPAS PI Code:** 21630

1. **Type and Level:** Input/Supporting

2. **Rationale:** This indicator shows the number of statewide elections. This is the time when the largest number of voting machines is in use. Statewide elections test the maintenance readiness function. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

6. **Data Source:** The source of the indicator is the actual number of statewide elections held. This information is available on the department website.

7. **Calculation Methodology:** The calculation has no formula. It is the true number of statewide elections held.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**
    Sherri Hadskey, Director of Field Operations
    Phone: 225-362-5128
Activity: Election Support Services

Objective 8: The program will provide preventative, necessary and emergency maintenance as required on all electronic voting machines. To ensure the proper maintenance is administered, the program will continue to have 100% of its full-time machine technicians certified through FY 2016.

Indicator Name: 8.1 Percentage of technicians certified within 12 months of assignment

Indicator LaPAS PI Code: 21637

1. **Type and Level:** Quality/Key

2. **Rationale:** This indicator shows the percentage of assigned voting machines technicians who are certified on the voting machines they service within 12 months of assignment. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in.     Fax 225-922-2910
    Email: Sherri.Hadskey@sos.louisiana.gov

**Activity: Election Support Services**

**Objective 9:** The Elections program will enable absentee returns to be more accurately and quickly tabulated by providing support for parish boards of elections supervisors in tabulating votes through the preparation and distribution of test materials prior to Election Day for all parishes having an election.

**Indicator Name:** 9.1 Percentage of parishes having an election for which test materials were prepared and distributed at least 10 days prior to the election

**Indicator LaPAS PI Code:** 21634

1. **Type and Level:** Efficiency/Key

2. **Rationale:** This indicator shows the efficiency of the program to prepare and distribute test materials prior to elections. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. Activity: Notary Services

**Objective 10:** The program will improve its Notaries database to maintain the percentage of notaries in suspend status to no more than 25%.

**Indicator Name:** 10.1 Percentage of notaries in suspend status

**Indicator LaPAS PI Code:** 17366

1. **Type and Level:** Quality/Key

2. **Rationale:** This indicator shows the program’s ability to maintain a low percentage of notaries in suspend status. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests

4. **Clarity:** This indicator name is exactly what the indicator does.
5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. ---

**Activity: Election Expenses**

**Objective 11:** To provide for the recovery of election expenses from local government authorities in a timely fashion, the program will reduce election expenses born by the state by invoicing 90% of local governing authority-related election expenses within 60 days of an election.

**Indicator Name:** 11.1 Percentage of local governmental entity election expenses invoiced within 60 days of election

**Indicator LaPAS PI Code:** 21508

1. **Type and Level:** Efficiency/Key

2. **Rationale:** Invoicing government entities elections costs in a timely manner helps to ensure that payments are received in the year invoiced to ease program cash flow
problems. The sooner after an election an invoice is generated the more likely that a payment will be made in a timely manner. This indicator provides a view of the efficiency of the Accounting Division in its efforts to close elections as soon as possible and get the invoices out to the governmental entities.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. It is verifying through internal records.

6. **Data Source:** The source of the indicator is an analysis of the recorded dates that invoices are prepared and mailed.

7. **Calculation Methodology:** This indicator is calculated based on the recorded date of the invoice for each election compared to the recorded election date. Invoice dates are recorded in Accounting Division software.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no limitations. The data used is verifiable and has no known bias.

---

**Activity: Election Expenses**

**Objective 11:** To provide for the recovery of election expenses from local government authorities in a timely fashion, the program will reduce election expenses born by the state by invoicing 90% of local governing authority-related election expenses within 60 days of an election.

**Indicator Name:** 11.2 Percentage of outstanding invoices (over 120 days) turned over to Attorney General’s Office
Indicator LaPAS PI Code: New

1. **Type and Level:** Efficiency/Key

2. **Rationale:** Invoicing government entities elections costs in a timely manner helps to ensure that payments are received in the year invoiced to ease program cash flow problems. The sooner after an election an invoice is generated the more likely that a payment will be made in a timely manner. This indicator provides a view of the efficiency of the Accounting Division in its efforts to close elections as soon as possible and get the invoices out to the governmental entities. In the event governmental entities are slow to pay, invoices over 120 days are turned over to the Attorney General for collections. This activity is completed at the end of each fiscal quarter.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. It is verifying through internal records.

6. **Data Source:** The source of the indicator is an analysis of the recorded dates that uncollectable invoices are transferred to the Attorney General.

7. **Calculation Methodology:** This indicator is calculated based on the recorded date of the invoice for each election compared to the recorded election date. Invoice dates are recorded in Accounting Division software.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no limitations. The data used is verifiable and has no known bias.

Activity: Election Expenses

Objective 11: To provide for the recovery of election expenses from local government authorities in a timely fashion, the program will reduce election expenses born by the state by invoicing 90% of local governing authority- related election expenses within 60 days of an election.

Indicator Name: 11.3 Percentage of election cost reimbursement invoiced

Indicator LaPAS PI Code: 10579

1. Type and Level: Output/Supporting

2. Rationale: Invoicing government entities elections costs is mandated by the Election Code. All election cost owed by local governmental entities must be invoiced. This indicator provides a view of the output of the Accounting Division in its efforts to get invoices for closed elections out to the governmental entities.

3. Use: This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. Program C: Archives and Records

Activity: Administrative Services

Objective 1: Through FY 2016, the program will ensure its ability to accommodate adequately all records transferred to its custody.

Indicator Name: 1.1 Percentage of qualified records accepted by state records center

Indicator LaPAS PI Code: 14335

1. **Type and Level:** Efficiency/Key

2. **Rationale:** This indicator provides a look at the program’s ability to accommodate qualified records transferred to the record center. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the data is records management files maintained by the program.

7. **Calculation Methodology:** The formula for calculating this indicator is the number of qualified records accommodated (in cubic feet) divided by the number of qualified records transferred for storage.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**
    Nancy Vezinat, Archives Specialist 5
Activity: Administrative Services

Objective 1: Through FY 2016, the program will ensure its ability to accommodate adequately all records transferred to its custody.

Indicator Name: 1.2 Number of records transferred (in cubic feet)

Indicator LaPAS PI Code: 14336

1. **Type and Level:** Input/Supporting

2. **Rationale:** This indicator provides a look at the program’s ability to accommodate qualified records transferred to the record center. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests

6. **Data Source:** The source of the data is records management files maintained by the program.

7. **Calculation Methodology:** There is no formula for calculating this indicator. It is the true number of qualified records (in cubic feet) transferred for storage.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.
Activity: Administrative Services

Objective 1: Through FY 2016, the program will ensure its ability to accommodate adequately all records transferred to its custody.

Indicator Name: 1.3 Number of boxes disposed of from state records center (1.2 cubic feet boxes)

Indicator LaPAS PI Code: 14337

1. Type and Level: Output/Supporting

2. Rationale: This indicator provides a look at the programs ability to manage destruction activities for older records according to approved schedules to accommodate qualified records transferred to the record center. It gives an accurate view of how well the program is meeting its objective.

3. Use: This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. 1. **Type and Level:** Outcome/Key

2. **Rationale:** This indicator provides a look at the program’s ability to establish retention schedules for non-statewide agencies. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the data is records management files maintained by the program.

7. **Calculation Methodology:** The formula for calculating this indicator is the number of non-statewide agencies with designated records liaisons divided by the number of non-statewide agencies.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**

Activity: Administrative Services

Objective 3: The program will continue to improve accessibility to its archival and genealogical collections by increasing the number of indexes and finding aids available on the Department’s website through FY 2016.

Indicator Name: 3.1 Number of records available online for research

Indicator LaPAS PI Code: 14334

1. Type and Level: Outcome/Supporting

2. Rationale: This indicator provides a look at the program’s ability to add records to the online database. It gives an accurate view of how well the program is meeting its objective.

3. Use: This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. Clarity: This indicator name is exactly what the indicator does.

5. Validity, Reliability and Accuracy: This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. Data Source: The source of the data is research room files maintained by the program.

7. Calculation Methodology: There is no formula for calculating this indicator. It is the total number of records available in the online database.

8. Scope: This indicator is aggregated.

9. Caveats: The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

Program D: Museums and Other Programs

**Activity:** Museum Services

**Objective 1:** The program will conduct itself in a cost effective manner by ensuring that the total cost per visitor for operating program museums remains below $20 per visitor through FY 2016.

**Indicator Name:** 1.1 Cost per visitor to operating program museums

**Indicator LaPAS PI Code:** 10110

1. **Type and Level:** Efficiency/Key

2. **Rationale:** This indicator provides a look at the programs ability to maintain a cost per visitor average of $20 or less for operating museums. It gives an accurate view of how well the program is meeting its objective.
3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the data is status records maintained by the program.

7. **Calculation Methodology:** The formula for calculating this indicator is the total number of museums inspected divided by the total number of museums assigned to the program.

8. **Scope:** This indicator is aggregated.

9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

10. **Responsible Person:**
    Lance Harris, Museum Division Director

    Fax 225-925-7747
    Email: Lance.Harris@sos.louisiana.gov

**Activity:** Museum Services

**Objective 2:** The program will work to improve the quality of the management of the program’s collection holdings through FY 2016.
**Indicator Name:** 2.2 Percentage of museums with inventories included in program’s centralized database

**Indicator LaPAS PI Code:** New

1. **Type and Level:** Efficiency/Key

2. **Rationale:** This indicator provides a look at the program’s efforts to inspect each museum annually. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the data is status records maintained by the program.

Activity: Administrative Services

Objective 6 To improve the speed of filing corporation documents, the program will make available an electronic filing option for 100% of document types not requiring notarization by FY 2012.

Indicator Name: 6.1 Percentage of non-notarized document types with an electronic filing option

Indicator LaPAS PI Code: New

1. Type and Level: Efficiency/Key

2. Rationale: This indicator provides a look at the program’s efforts to provide an electronic option for filing corporation documents that do not require a notarization. It gives an accurate view of how well the program is meeting its objective.

3. Use: This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. Clarity: This indicator name is exactly what the indicator does.

5. Validity, Reliability and Accuracy: This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. Data Source: The source of the data is document files maintained by the program.

7. Calculation Methodology: The formula for calculating this indicator is the percentage of identified corporation document types that do not require notarization that have been added to the website for electronic filing divided by the number corporation document types that do not require notarization.

8. Scope: This indicator is aggregated.

9. Caveats: The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.

10. Responsible Person: Carla Bonaventure, Commercial Division Director
Activity: Administrative Services

**Objective 6** To improve the speed of filing corporation documents, the program will make available an electronic filing option for 100% of document types not requiring notarization by FY 2012.

**Indicator Name:** 6.2 Number of electronic filings

**Indicator LaPAS PI Code:** New

1. **Type and Level:** Outcome/Supporting

2. **Rationale:** This indicator provides a look at the program’s efforts to provide an electronic option for filing corporation documents that do not require a notarization. It gives an accurate view of how well the program is meeting its objective.

3. **Use:** This indicator will be monitored by the Department’s management. If any of the Department’s objectives appear to be at risk, the management will review the indicator data, consult with the management and staff of the objective’s program to determine what Department resources available can be brought to bear upon the situation to meet the objective. It will also be used in the development of the Department’s Operational plans, Annual Budgets and Capital Outlay requests.

4. **Clarity:** This indicator name is exactly what the indicator does.

5. **Validity, Reliability and Accuracy:** This is a valid indicator that is reliable and accurate. The source is rather reliable due to the fact most of the indicators are derived from analysis of the Department’s databases using set formulas that are based on common sense which helps reduce any bias build-in. Any incentive to alter or influence these indicators is negated by the fact that the performance indicators are reported to the Office of Planning and Budget, available to the public and the media via the internet and the Department understands that these indicators can and may be audited.

6. **Data Source:** The source of the data is document files maintained by the program.

7. **Calculation Methodology:** There is no formula for calculating this indicator. It is the total number of electronic filings.

8. **Scope:** This indicator is aggregated.
9. **Caveats:** The indicator has no known limitation. Each step of the process is within the program’s direct control. The source of the data does not have any known bias or agenda.
